## FY 2021 Circulation Highlights

Compared with FY2019 (most recent pre-shutdown year)

At 53,910, overall circulation **dropped 26%**

### Biggest gain: Youth outreach books

Despite most youth item use dropping, a 77% surge in youth outreach circulation (reported under “youth paperbacks”) accounted for over 37% of all youth circulation and nearly 6% of library-wide circ.

### Most likely to bounce back: Easy fiction/nonfiction

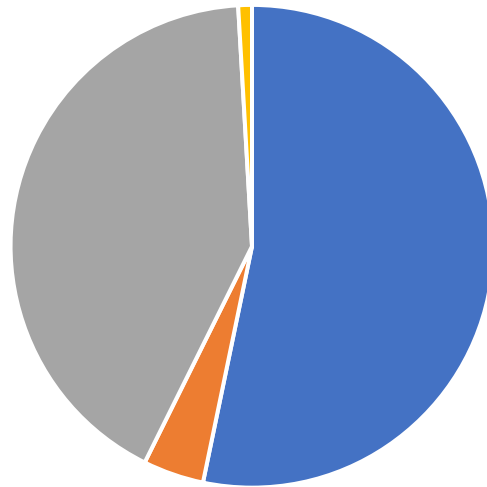

Down 40%, mostly due to book quarantine process first half of the fiscal year, as well as interruption of early literacy programming that didn’t resume until mid-year.

### Sharpest format migration:

Adult audio: Adult Books on CD use dropped 48%, while downloadable audiobook circ rose 33%

Video: DVD checkouts dropped 31% while use of the library’s Kanopy streaming video database covered nearly half that loss. *(Note: Kanopy use is reported with database use, not circulation.)*

FY2021 circulation

■ Adult items ■ YA fiction ■ Children's items (youth/easy) ■ DVDs
