Director's Recommendations on FY2023 Board Committee Items

November 2022

In accordance with MPL's current Goals & Objectives, the following suggestions are offered:

1. Building & Grounds Committee:

Chair

Chair: Scott Kuhlemeyer

Members: Steve Klotz and Jenny Rytting

Purpose: To work with the director in advancing building maintenance projects and to use MPL's recent FCA report to prioritize current year projects and create a 5-10 year facility maintenance plan to present the board at the April 2023 or May 2023 regular board meeting.

2. Public History Space Committee:

Chair: Jim Rash

Members: Barb Nelsen, Marilyn Rhea, and Bill Richardson

Purpose: To advise the director on designating and furnishing a library space to both feature a pictorial history display, and to support hospitality such as a First Friday Chamber Coffee offering. This may include input on space selection and content, and researching display options and beverage dispensers.

Target deadline for display: Summer 2023 or sooner

3. Genealogy Resources Committee:

Chair: Paula Cobb

Members Jenny Rytting, and Cara Colville

Purpose: To assess local needs regarding genealogy resources and research, and the feasibility of increasing genealogy research support at MPL.

End product: A written committee recommendation for board consideration at the April or May 2023 regular board meeting. To include limited space use planning with the director, budget impact, and any necessary written agreements with local agencies.

Presented by Stephanie Patterson, MPL Director
